Altaire Pharmaceuticals, Inc., announced that it is voluntarily recalling the Over-the-Counter (OTC) drug products and lots, within expiry, sold at CVS Health the during the time period as indicated in the tables below. As a precautionary measure, Altaire is voluntarily initiating the recall due to management concerns regarding the sufficiency of Quality Assurance controls over critical systems in the manufacturing facility. The FDA has determined these issues indicate a lack of sterility assurance. Administration of a non-sterile product intended to be sterile may result in serious and potentially life-threatening infections or death.

The above highlighted products are offered through our CVS OTC Benefit.

What your patients should know:

They may be able to get the same medicine that is not part of the recall or switch to another medicine.

Please refer your patient to the FDA for the most current updates to this drug or have your patient ask their pharmacy for assistance. <https://www.fda.gov/safety/recalls-market-withdrawals-safety-alerts/altaire-pharmaceuticals-inc-issues-voluntary-recall-multiple-ophthalmic-products-sold-cvs>

To determine if your patient's medicine is impacted, check the product name, manufacturer name and NDC. If the information is not listed (NDC or lot number), please contact the pharmacy that filled the prescription.

Adverse reactions or quality problems experienced with the use of this product may be reported to the FDA's MedWatch Adverse Event Reporting program either online, by regular mail or by fax.

- **Online:** Complete and submit the report: www.fda.gov/medwatch/report.htm
- **Regular mail or fax:** Download form www.fda.gov/MedWatch/getforms.htm or call 1-800-332-1088 to request a reporting form, then complete and return to the address on the pre-addressed form, or submit by fax to 1-800-FDA-0178.

Voluntary Recall Letter:

Altaire Pharmaceuticals, Inc., announces today that it is voluntarily recalling the Over-the-Counter (OTC) drug products and lots, within expiry, sold at CVS Health the during the time period as indicated in the tables below. As a precautionary measure, Altaire is voluntarily initiating the recall due to management concerns regarding the sufficiency of Quality Assurance controls over critical systems in the manufacturing facility. The FDA has determined these issues indicate a lack of sterility assurance. Administration of a non-sterile product intended to be sterile may result in serious and potentially life threatening infections or death.

This recall is being carried out to the RETAIL LEVEL and IS ONLY FOR THE SPECIFIC LOTS LISTED BELOW. No other lots are being recalled. A Retail Level recall is limited to product lots currently in inventory at the chain store.

Altaire further advises as follows:

TO DATE ALTAIRE HAS NOT RECEIVED ANY REPORTS OF ADVERSE EVENTS FOR THE PRODUCTS.

TO DATE ALTAIRE HAS NOT OBTAINED ANY OUT OF SPECIFICATIONS RESULTS, INCLUDING IN-HOUSE AND THIRD PARTY STERILITY TESTING, FOR THE PRODUCTS.
